

4 May 1964

FROM: SQ SURGEON

SUBJECT: Monthly Activities Report for April 1964

TO: Commander, WRSP-IV

1. The general health of the squadron remained good throughout the reporting period.
2. There were 49 visits to the Squadron Surgeon during the month of April. This includes visits to staging physician. No patient breakdown is available for April.
3. 212 immunizations were given for this period. This number includes plague vaccine series (two injections) given to all personnel who normally go on deployments.
4. There were no hospitalizations.
5. DNIP:
 thru 17 April - Sinusitis
1 thru 7 - Head cold
6. Personnel:

STATINTL

6. Because of close interrelation between sections the survival tech has been placed under the administrative control of the Squadron Surgeon. The Medical, Personal Equipment, Survival Section will now be known as the (Life) Crew Support Section.

7. No new medical equipment. See PE report for new support gear and status of development programs.

8. Other:

a. Meeting 29-30 Apr with Headquarters Aviation Physiologist Mutually Beneficial. So much information gleaned that I recommend occasional meetings at regular intervals for the future. ✓

b. Annual physicals for drivers to be scheduled over the next 3 months.
